PERSONAL PROFILE

As a Computer Science undergraduate, I am passionate about developing seamless user experiences with clean, efficient code. Throughout my academic journey, I have worked on several projects that strengthened my front-end skills in React, HTML, CSS, and JavaScript. Additionally, I have extensive experience with back-end development, particularly using PHP, which gives me a comprehensive understanding of full-stack web development.

WORK EXPERIENCE

- FREELANCE PROJECT | 2024 - NOW**
Webapplication for Jewellery Shop
 - Developing a webapplication for Jewellery manufacturing industry using Laravel and MySQL. By providing functions like manufacturing progress tracking, order delivery tracking and secure payment to the users.
